[XIXth Year.]

THURSDAY, February 16, 1764.

[No. 980.]

The following Letters which passed between the Right Hon. Mr. PITT and Mr. ALLEN, on the Subject of the Bath Address, have been inserted in the Bath Journal, to obviate the curious Impression which an insidious Representation of that Affair, in several of the public News-Papers, may Occasion.

HAYES, Jan 2. 1763.

DEAR SIR,

HAVING declined accompanying Sir John Seabright in presenting the Address from Bath transmitted to us jointly by the Town-Clerk, I think it, on all Accounts, indispensably necessary that I should inform you of the Reason of my Conduct. The Epithet of *admirable* given to the Peace contains a Description of the Conditions of it, so repugnant to my unalterable Opinion concerning many of them, and fully declared by me in Parliament, that it was impossible for me to obey the Corporation's Commands in presenting their Address, as it was unexpected to receive such a Commission. As to my Opinion of the Peace, I will only say that I formed it with Sincerity, according to such Lights as my little Experience and small Portion of Understanding could afford me. This Conviction must remain to myself, the constant Rule of my Conduct; and I leave to them, with much Deference to their better Information, to follow their own Judgment. Give me Leave, my dear good Sir, to desire to convey, through you, to Mr. Mayor, and to the Gentlemen of the Corporation, their my true Sentiments; and, with the sincerest Sense of their past Goodness towards me, to confess that I perceive I am but ill qualified to form Prejudgments to the future Favours of Gentlemen who are come to think so differently from me, on Matters of the highest Importance to the common Welfare. I am ever, with respectful and affectionate Remembrance, my dear Sir, your faithful Friend, and obliged humble Servant.

Agd. W. PITT.

Lady Chatham joins with me in all Compliments to the Family of Prior-Park.

To RALPH ALLEN, Esq.

PRIOR-PARK, Jan 4. 1763.

My dear Sir,

It is extremely painful to me to find by the Letter which you was pleased to send me, the 1st of this Month, that the *Word admirable* in the Bath Address has been so very affectively in you as to hinder the Success and most anxious of your Friends the Corporation from indulging for the future their great Attachment to you.

Upon this Occasion, in Justice to them, it is incumbent on me to acquaint you that the execrable Word does not rest with them, but myself; who suddenly drew up the Address, to prevent their sending of another which the Mayor brought me in Terms that I could not object to. Copies of the two Forms I have taken the Liberty to send you in the enclosed Paper, for your private Perusal; and Sir John Seabright having, in his Letter to Mr. Clutterbuck, only acquainted him that in your Absence in the Country he delivered the Address, I shall decline executing of your Commands to the Corporation on this delicate Point, unless you renew them, upon your Perusal of this Letter, which for Safety I have sent by a Messenger; and I beg your Answer to it by him, who is on Order to wait for it.

Permit me to say that I have not the least Objection to, but the highest regard and most Veneration for, your whole Conduct; neither have I any Apology to make for the Excesses in which I am so unfortunate as differ from you. But with the most Respect, Affection, and Gratitude, I will always feel me to be, my dear Sir, your most humble and obedient Servant.

Signed, R. ALLEN.

To the Right Hon. Mr. Pitt.

The best Wishes of this Family always attend Lady Chatham.

HAYES, Jan 5. 1763.

My dear Sir,

I AM sorry that my Letter of the Second Instant should give you Unpleasantness, and occasion to you the Trouble of sending a Messenger to Hayes. I desire you to be assured that few Things can give me more real Concern than to find that my Notions of the Public Good differ so widely from those of the Man whose Goodness of Heart, and private Virtues, I shall ever respect and love. I am not insensible to your kind Motives for wishing to interpose Time for second Thoughts; but knowing how much you approve an open and ingenuous Proceeding, I wish that you will for the Unfalsity of my contending from my Constituents the unformidable Reasons which prevented my obeying their Commands in presenting an Address containing a Disavowal of my Opinion delivered in Parliament relating to the Peace. As their Servant, I owe to these Gentlemen an Explanation of my Conduct on this Occasion; and as a Man, not forgetful of the distinguished Honour of having been invited to represent them, I owe it, in Gratitude, to them, not to think of embarrassing and encumbering for the future, Friends to whom I have such Obligations, and who now view with Approbation Measures of an Administration founded on the Submission of that System which ever procured me the Continuance and Renewal of the City of Bath. On such plain Grounds, very coolly weighed, I will venture to beg again that my equitable good Friend will be so good to convey to Mr. Mayor and the Gentlemen of the Corporation my Sentiments, as contained in my Letter of the 2d Instant.

I am ever, with unchanging Sentiments of Respect and Affection, my dear Sir, most faithfully Yours.

W. PITT.

PRIOR-PARK, Jan 9. 1763.

My dear Sir,

WITH the greatest Anxiety and Concern, I have in Obedience to your positive and repeated Commands, executed the most painful Commission that I ever received.

Upon this disagreeable Occasion, give me Leave just to say, that however different our Abilities may be, it is the Duty of every honest Man, after he has made the proper Inquiry, to set himself to the Light which the Supreme Being has been pleased to dispense to him; and this being the Rule that I am persuaded we both govern ourselves by, I must take the Liberty now only to add that it is impossible for any Person to retain higher Sentiments of your late glorious Administration than I do, nor can be with greater Fidelity, Zeal, Affection, and Respect; than I have been, still am, and always shall be, my dear Sir, your most humble and most obedient Servant.

Signed, R. ALLEN.

To the Right Hon. Mr. Pitt.

CHARLES TOWN (BOWEN CARROLL) Jan. 4.

ON Friday last, December 30th, in the Evening, an Express arrived here in 4 Days from Long-Canoe Settlement, with Dispatches to his Excellency the Governor, containing Advice of seven Murders committed by the Creek Indians, on the Majesty's Subjects of this Province in that Quarter; whereupon his Excellency immediately issued the following Proclamation, viz.

By His Excellency THOMAS BOONE, Esq. Captain General, and Governor in Chief, in and over the said Province, and His Adjunct of the said.

A PROCLAMATION.

WHEREAS about one hundred English and Negro Settlers, but the Governor has received of this Province is much with all possible Dispatch, in Consequence of Information, that they received, of many Persons being murdered in the Long-Canoe Settlement, by the Creek In-

DIANS. I do hereby, with the Advice of his Majesty's Council, appoint Wednesday, the fourth of January 1764, for their Meeting; and all Persons concerned, are hereby enjoined and required to pay Regard to this Notice, as they value the Security of their fellow Subjects in the North-west Parts of this Province.

GIVEN under my Hand, and the Great Seal of His Majesty's said Province, this Thirtieth Day of December, One Thousand Seven Hundred and Sixty-three, in the Fourth Year of His Majesty's said.

THOMAS BOONE.

By His Excellency's Command,

GEORGE JOHNSON, Esq. Secretary.

GOD Save the KING.

Extracts from the Information sent to His Excellency the Governor concerning the late Murders committed by the Creek Indians.

By Information on Oath, made before Patrick Calhoun, Esq. at Long-Canoe, on the 24th of last Month, by Edward McGary, a Settler there, and transmitted to the Governor, it appears, That on said Day the 24th inst, he, said Edward McGary, being at John Vann's old Plantation, on Savannah River, saw some Indians about Noon carrying Horles; at first he took the Indians to be Cherokees, but observing one whom he knew to be a Creek (being one of the Party of those Indians that drove the Settlers from Broad River, in Georgia, last Summer) making towards his Gun, which was set up against the House, he got behind an Out-House before the Indian could fire at him, and got off to a Settlement about two Miles distant, whence he and four other Men returned immediately, and riding up to the Door of the House where he first discovered the Indians, they saw one John Dyer's Wife lying on the Floor killed, and a few Steps from the House they found a little Girl lying killed; but being only five Whites Men, they did not stay to examine if they were scalped, and several People being missing, they thought it best to alarm the Settlements.

On the 30th of December, Arthur Cady, a Trader, gave Information on Oath, to said Mr. Calhoun, that on the 14th of said Month, he being at a Plantation where he formerly lived, about four Miles from the Mouth of Broad River in Georgia, was informed by Morrey of Hywassa, who was there with fourteen other Cherokees in a hunting Camp, that some Creek Indians were that Day gone over Savannah River to kill white People, and that one of his (Morrey's) young Men, who had been over the said River hunting, had heard some Guns fired, and the Death Whistle called. Before the Conversation ended, the Creek Indians appeared before the Cherokee Camp, gave the Death Whoop, and held up a Pole whence were scales of the white People; upon which Morrey instant said Cady to make his Escape, which he did with great Difficulty, being chased pursued for about an Hour by the Creeks, who were to kill him when he crossed Broad River, as to be carrying on one side and get to the other. He continued in the Woods all Night, and next Day, December with, about Ten o'Clock, he discovered the Prints of the Enemy still in pursuit of him, but luckily came up with another Cherokee Camp, where was the Indian Warrior of Toogastee, with five other Cherokees who pressed him out to kill, but make the best of his Way, as the Enemy were pursuing the River, and two of the Cherokees went with him to assist him out to the Settlement. About half a Mile from the Camp they discovered a Party of the Creeks, on which the Cherokees desired Cady to keep out of Sight, and they would endeavour to kill what had been sent. When they returned they still saw they had pursued all the Enemy killed; they consisted of eight Creeks, and had taken five white Scaples. Cady got to Mr. Calhoun's the next day, and delivered and examined with the Settlers &c. The Reader above mentioned Information of Cady, that the Creeks had a great Body of their Indians were lying at the great Indian Lake, about 15 Miles up Broad River, between the Savannah River and the Long-Canoe, and pursued as far as Saluda; and another Party to go down

the River towards Augusta. One of the *Reds*' Party had been killed about five Days before, by the *Cracks* as he thought. Moytoy desired the Governor might be informed that he had not forgot his Promise at the Congress to assist the white People, if it became needful; and if his Assistance was wanted, desired his Excellency might send him a Painted Knife, that he might know it was War.

"A Letter from Mr. Calhoun to his Excellency, dated Fort at Long Canes, December 26, says, That besides the Woman and Girl mentioned in Edward McGary's Affidavit, a young Man had been found killed about a Mile from the other. Such a Detachment of the Militia as could be spared from guarding the Women and Children, was sent out to bury the dead, and make Discoveries; part of them returned the 26th; they found the Bodies of 12 white Persons killed at the Time and Place mentioned by McGary, only one scalped, but the others cut and mangled in a most inhuman Manner; several Persons were still missing, but the Party being small, they did not chuse to stay out long, and had brought in many of the Settlers to the Fort. The situation of the poor Inhabitants is represented as very deplorable, flying for fear of the Savages with only the Cloaths on their Backs, helpless Women and Children exposed to all the Inclemencies of a rigorous Season, abandoning their Habitations, and in Want of every Convenience, and even the Necessaries of Life. An Alarm had been spread through the Country, and Application made for a Detachment of Militia from the Regiment commanded by Col. Chevillotte at Orangeburgh, which, though upwards of an hundred Miles from Long Canes, was their nearest Relief. Several Settlers were come from the Northward and other Parts since the Congress at Augusta, who, with many single Men, seemed willing to make a stand, if they met with speedy and proper Encouragement."

By other Intelligence we learn, that Moytoy the Cherokee, furnished Arthur Cody with a Horse, which enabled him to get to the Fort at Long Canes. Moytoy said, that the whole Number of White Persons scalped by those Indians, appeared to be twelve, and those killed, but not scalped, sixteen, according to the Accounts he had received.

The Inhabitants of Long Canes got into two stockaded Forts, which they built for their own Defence; in one were thirty-seven Men, and one hundred and three Women and Children, and in the other thirty-four Men, and thirty-five Women and Children. There are likewise Forts at Ninety-Six, and at Hard-Labour, about 24 Miles from Long Canes, whither we hear many are fled for Shelter, and all the other back Settlers, Mr. Calhoun says, are moving down to Edisto. The Detachment mentioned above, sent out to bury the Dead, consisted only of ten Men; they went first to Dyer's Plantation; next to Lawton's, and then to Pawley's, where they found all the Families murdered except three Men, one Boy, and one Girl, who providentially happened to be gone out.

BOSTON, January 19.

Extract of a Letter from London, dated Nov. 9, 1763.

"The Ministry is the same as when I wrote you by the last Packet. Our Commons are all returning from Spa, France, &c. against the ensuing Session of Parliament, which is fixed to be the 17th Instant, it is expected to be a very warm one. Sir Charles Yorke has resigned his Place as Attorney General. Lord Northumberland has greatly displeased his Irish Subjects, in attempting further Penalties on the Irish List. Lord Kildare is gone over to suppress the Riots. It is said that Dr. Tucker, Dean of Bristol, will be created a Bishop, by the Title of Bishop of Albany, with a Salary of £1500 per Annum, to be paid out of his Majesty's Quit Rents in America; that his Lordship's Residence will be at Albany, where a Palace is to be built at the Expence of the Crown. This Gentleman is remarkable for his great Attention to American Affairs."

NEW YORK, January 26.

Yesterday came on, in the General Court in this City, the Trial of the Soldiers taken up on Account of the late Riot, breaking the Goal, and releasing Major Rogers; when we hear five of them were found Guilty, and that they have declared the Major was guilty to the Death.

About 10 o'Clock Saturday Night last, Captain Mooney, of this Place, was stopped by three Sailors, near Chapel Street, and ordered to Stand and Deliver; and at the same Time they presented a Pistol to his Breast; Capt. Mooney, not chafing to comply with their Request, rushed in upon the

Fellow who had the Pistol in his Hand, which he immediately fired, and Capt. Mooney narrowly escaped being shot, as the Ball went through his Cloak. The Villains immediately made their Escape.

Jan. 30. We have it from the very best Authority, That Sir WILLIAM JOHNSON was lately visited by above 1000 Friendly Indians of the Five Nations, as also by some Deputies from the Senecas, who are accompanied by one Hans Eise, a German, formerly taken near Fort Cumberland, and delivered up, with several other Prisoners, to Sir WILLIAM about two Years ago: But, being a profligate Person, immediately made his escape to the Senecas, whom he has since accompanied, by his own Confession, to war against the English, and committed several Acts of Cruelty, by the Report of others.—On which Information Sir WILLIAM caused him to be apprehended, and committed to Albany Goal.—And has also obtained from a Village of Friendly Senecas, one Gabriel Ellison, an Englishman, who says he has Relations in Bucks County, in the Province of Pennsylvania, and was taken in November 1762; and carried to Kinawagan, a Castle of Enemy Senecas; from whence he made his Escape to Ganadesego, a Castle of Friendly Indians of that Nation (next to Cayuga) which Indians having remained neutral during the late Hostilities, have now delivered him up at Sir William Johnson's Request.

Feb. 2. On Saturday Night Mr. Edward Nicholls, of this Town, was robbed of a small Sum of Money, in the Street on Golden Hill, by a Man who presented a Pistol to his Breast, threatening his Life, if he made the least Noise or Delay.—This was probably one of the same Persons who attempted Captain Mooney.—And on Tuesday Morning last a Fellow was detected in stealing a Saw from a Cooper on the North River. He offered the Cooper a Ten Pound Bill to let him escape, and on his Refusal attempted to break from him, but was secured, and carried before a Magistrate, where he was searched and a loaded Pistol, a Powder Horn with Powder, a Paper of Bullets, and a long sharp pointed Knife, were found in his Pockets. He proved to be the same Man who was tried in October last, and found Guilty in the Supreme Court, for Robbing Sullivan of a Watch, &c. and discharged on Supposition of Insanity. It was declared by Sullivan that some of the Goods taken from the Villain in the Scuffle, by Capt. Mooney, appeared to be the same he had seen worn by the Man who had robbed him of his Watch. Capt. Mooney and Mr. Nicholls declared that the Prisoner appeared to be the same that robbed the one, and attempted to rob the other. He was committed to Goal.

Elizabeth-Town (New-Jersey) Jan. 23, 1764.

Last Friday departed this Life Miss MARY ELDRINGTON, an old Virgin, in the 100th Year of her Age; she was of an ancient Family, born at Eldrington-Hall, in Northumberland, Old England, and on the next Day she was decently interred in St. John's Church-yard, at Elizabeth-Town. It is remarkable that notwithstanding her great Age, she was desirous of getting a Husband before she died; and not two Years since, nothing would offend her so highly as to tell her that she was too old to be married.

PHILADELPHIA, February 2.

We hear from East-Jersey, that last Friday Evening, ROBERT HUNTER MORRIS, Esq. Chief Justice of that Province, and formerly Governor of Pennsylvania, died suddenly there. His Death is justly looked upon as a public Loss in that Government, where he has long maintained the Character of an able and upright Judge.

Feb. 9. On Saturday last the City was alarmed with the News of great Numbers of armed Men, from the Frontiers, being on the several Roads, and moving towards Philadelphia. As their Designs were unknown, and there were various Reports concerning them, it was thought prudent to put the City in some Posture of Defence against any Outrages that might possibly be intended. The Inhabitants being accordingly called upon by the Governor, great Numbers of them entered into an Association, and took Arms for the Support of Government, and Maintenance of good Order.

Six Companies of Foot, one of Artillery, and two Troops of Horse, were formed, and paraded; to which, it is said, some Thousands, who did not appear, were prepared to join themselves, in Case any Attempt should be made against the Town. The Barracks also, where the Indians are lodged, under Protection of the regular Troops, were put into a good Posture of Defence; several Works being thrown up about them, and eight Pieces of Cannon planted there.

The Infurgents, it seems, intended to march upon the Government, but the President, when at the General Meeting on Schuylkill, intended the Junction; and there were assembled some 1000 made acquainted with the Force called to oppose them, listened to the reasonable Arguments and Advice of some prudent Persons, who voluntarily went out to meet and admonish them; and of some Gentlemen sent by the Governor, to know the Reason of their Insurrection; and prevailed to return peaceably to their Habitations, leaving only two of their Number to present a Petition to the Governor and Assembly; on which the Companies raised in Town were thanked by the Governor on Thursday Evening, and dismissed, and the City restored to its former Quiet.

But on Wednesday Morning there was a great Alarm, occasioned by a false Report, that 1000 Hundred of the same People were on their March to Attack the Town: Immediately, on the Beat of Drum, a much greater Number of the Inhabitants, with the utmost Alacrity, put themselves under Arms; but as the Truth was soon known, they were again thanked by the Governor, and dismissed; the Country People being really distressed, and gone home according to their Promise.

Extract of a Letter from Burlington, Jan. 27.

Lieutenant Shaw, who commanded one Detachment at Niagara, after the Death of Captain Johnson, is come down from thence, and says that the very Warriors, who were at the Attack of our People at the North End of Lake Erie, were at Sir William Johnson's, making their Submission, as he passed by."

A^s I am fully determined on going Home the Spring 1765; if then alive, I will make a Settlement with my Employers, Messrs JOHN GLEASGOW and Company, Merchants GLEASGOW, which I cannot accomplish without making Settlements with my Customers, I use this Method of informing them, That from this Date I have given up the Management of the Store to Mr. Robert Farquhar, (who is well known to most of them), that I may have it in my Power to attend properly on settling all my former Transactions, and which I hope I shall not be difficult to get done against the Spring 1765, having set all my Accounts ready for that Purpose, I will flatter myself that none concerned with doing on their Part, for however much I am inclined to be indulgent to those who really have it not in their Power to make Payment soon, yet I am under the Necessity of requiring that every Person who has open Accounts with me, shall make a Settlement of such Account, and their doing it soon will prevent them from being put to Expence, as will Trouble to me. The Store at George-Town, Parliament River, next under the Management of Mr. Robert Farquhar, will be supplied with Goods, as usual, and I have not the least doubt of giving Satisfaction to all who are kind enough to favour him with their Custom, as well to my old Customers, as to others who may incline to open a Correspondence with him. My Intent is to return to George-Town as early as the Year 1766, as I can finish the Business on which I am going Home. All just Claims against me, either on Account of the Store, or properly on my own Account, shall be settled before I leave the Province.
